

# PINT-SIZED PERFECTION

“ Being custom-built, it allowed us to use every inch of a small space very effectively. ”

**A tight space versus a large concept – the owners of this kitchen extension soon became aware that an ‘off the shelf’ solution wouldn’t meet their specific needs.**

To fit everything they wanted into a relatively small space, we cooked up some creative ideas to maximise workspace and minimise clutter. This compact kitchen incorporates a large larder, oven, microwave and fridge freezer, as well as a sink, dishwasher, hob, storage space in the central island and a Quooker hot water tap to save space!

All the units are hand-crafted from Quebec Yellow Timber and hand-painted in Farrow & Ball Hague Blue. Walnut worktops and white bronze handles add a final touch of opulence to complete this small but fully functional kitchen.

“ It’s a joy. It delivers in buckets on a practical level and also has the wow factor. ”

“ Mike, Jo and Chris interpreted the brief really well, adding their own expertise to the mix. ”
